

# Meet the local companies and start the convo!

Studyjob Fair

Monday 30 September 12:00 – 16:00

Professionshøjskolen Absalon, Kalundborg

In Denmark, a large percentage of jobs are never listed and usually filled through networking.

Networking is also an excellent, comprehensive way to broaden your thinking horizon, get new ideas, new projects to work on, new information about job leads, companies, and acquire knowledge about new markets and sectors that you may not have thought of.

So, whether you are looking to expand your professional network or find a study job, networking can provide you with valuable information and insights at every stage of your job search process.

Come and  
have a chat...

## How to navigate the Danish labour market

A Guide for International Candidates

Times: 12:30, 14:00, 15:30

Are you curious about the Danish labour market, but feeling a bit overwhelmed about looking for a job as an international candidate?

Join Rem Sahid from Workindenmark to hear about living and working, job search and unions in Denmark
