

Study job as studyassistant at Campus Kaulundborg

We have several study jobs as study assistant available to support activities within the Biotechnology education and laboratory activities for the coming semesters.

Absalon is one of the country's six vocational colleges and geographically covers Region Zealand. We have a strong focus on high-quality teaching, student engagement and regional anchoring. We have 13 degree programs in seven cities, continuing and further education in growth and a strong development within application-oriented research in collaboration with practice.

Your profile

We are looking for skilled, engaged and responsible students at the Bachelor of Engineering in Biotechnology education. For some of the tasks it is required that you at least are student at the 4 or 6 semesters in the spring 2025.

Your work tasks

We need help within these tasks:

Laboratory support covering:

- Cleaning up in the labs and washing of glass wear
- Preparing solutions and materials for laboratory exercise

Running of the study café. Two students together. You must at least be 4 semester student in the spring 2025.

Assist in correction of home assignment - you must at least be at 4 semester in the spring 2025.

- E.g.: In spring semester 2025: Marking of laboratory reports in Physical Chemistry and in Analytical Chemistry (2nd semester)

The job will be up to 12 hours per week, but will depend of need. You will plan it together with the responsible staff during the semester according to your schedule as well. Some jobs will start from the 15 January and some beginning of February.

How to apply

- Employment takes place according to the applicable collective agreement in the state area.
- Employment is conditional on you being a student at Absalon
- If you have any questions about the position, you can contact center manager Conni Simonsen on 7248 2119.
- Application and relevant attachments is to be sent to cosi@pha.dk no later than Monday 6 January
- Write what area you are most interested in, why you think you will fit in and a little about yourself.
